Dear Dr. Sundlof:

We are writing this letter with the hope that you will please do everything in your power to help promote a BAN on the use of antibiotics as growth promoters for farm animals. <sup>we</sup> I am very concerned about the widespread use of such antibiotics and would hope that health concerns on behalf of all involved would prompt such a ban.. This is important! Please do all that you can to ensure that both animals and human beings are respected.

Thank you.,

Elizabeth Kinnon
